

FACULTY SURVEY

LearnEd | ITDA

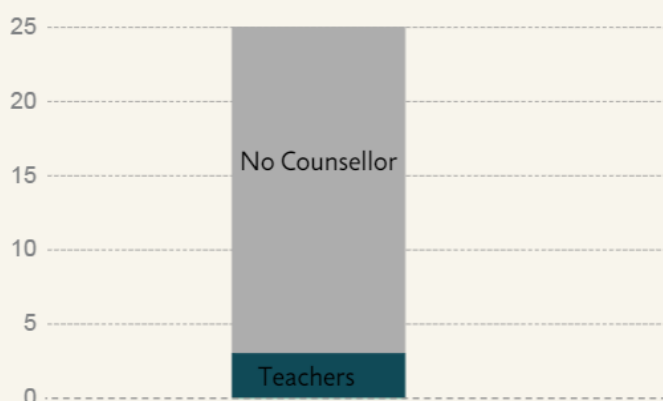

The following is conducted by "LearnEd" in association with ITDA (The Integrated Tribal Development Agency). The survey has been conducted in three mandals near Vishakapatnam namely "Paderu", "Gangaraju Madugula", "Hukumpet". Through this survey we would analyze the kind of career guidance available in the schools. The survey had been taken by 25 teachers in 6 different schools.

SURVEY ANALYSIS

NUMBER OF PEOPLE WHO TOOK THE SURVEY

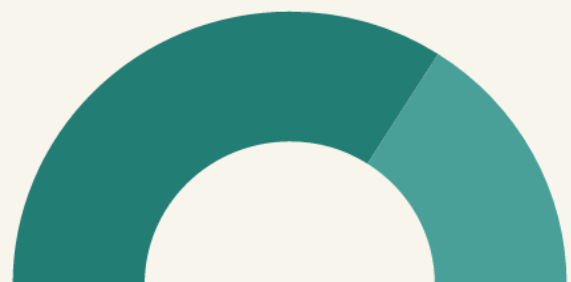

Does your school have a counsellor?

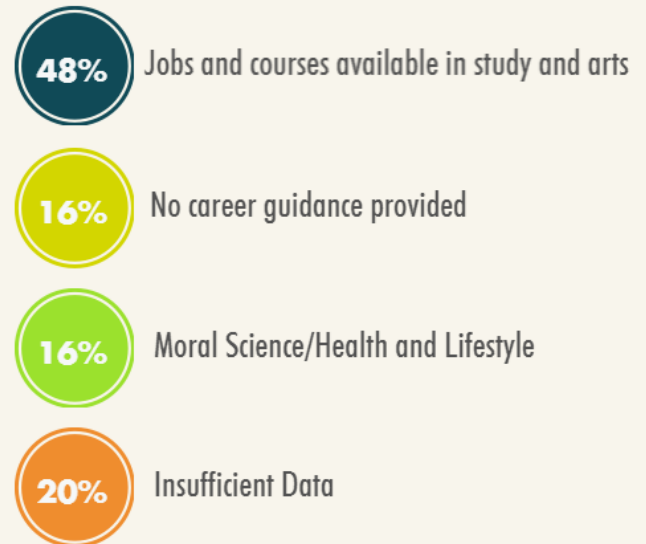

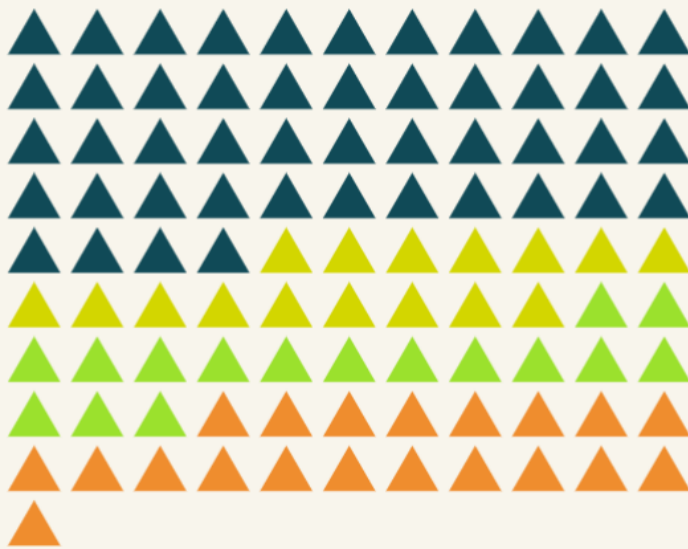

None of the schools have a career guidance teacher. A few schools provide it through their subjects teachers.

Do you educate your students about the loans that government provides?

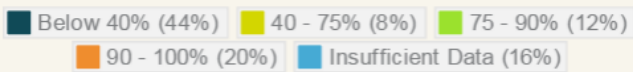

32% of the faculty do not educate their students about the educational loans that the government provides

What kind of career guidance does your school provides to your students?

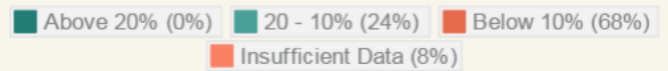

Only 48% of faculty provide career guidance to their students. 16% of faculty assume that teaching students about moral values or health and lifestyle is career guidance. We have 16% of faculty who do not provide any kind of career guidance to their students

Percentage of students finishing 10th grade in the first attempt

Percentage of students leaving school before 10th grade

Only one out of six schools have more than 90% pass percentage after 10th grade. 44% of the faculty have told that the pass percentage of their school every year has been below 40% during the first attempt. At least 10% of students in every school dropout before 10th grade.

Numbers have an important story to tell. They rely on you to give them a voice.
